## Experience

### FULL-TIME

#### INTUITSOLUTIONS

Senior Developer / Team Leader, May 2015 - August 2017

Managed a team of 4 developers. Responsible for enterprise client accounts, and scoping new work. Integral in determining my department's annual goals, KPIs, and metrics. Continued to develop responsive, scalable websites for eCommerce, as well as work with recurring monthly clients on iterative site optimizations.

Technologies used: HTML, Handlebars, CSS, SCSS, JavaScript/jQuery, Git

#### INTUITSOLUTIONS

Web Developer/Designer, April 2014 - May 2015

Designed full mockups of custom, responsive websites on the BigCommerce platform, then developed them by hand using SEO and web best practices. Worked with clients in a variety of industries. Developed knowledge of payment gateways, DNS, and domain registrars.

Technologies used: HTML, CSS, JavaScript/jQuery, Adobe Illustrator

### RECENT SIDE PROJECTS

#### DICE-BAG, 2015

Designed and developed a dice-rolling app for iOS and Web. Published on the iOS App Store.

#### FREELANCE DESIGNER / DEVELOPER, 2009-2015

Worked on a variety of projects, including web development, logos, branding, and print design.
